

# MEMBERSHIP FOR ALL

The Old Colony Y is a non-profit, charitable organization. As such, we seek to make our programs and services affordable for everyone in the communities we serve. Through our Membership For All program we are able to provide accessible membership pricing to those who need us most.

Joining is easy! Simply use the chart below to find the rate that corresponds with your current household income. You have 30 days from the day you join to verify your Membership For All rate by presenting the Y with last year's 1040 form, one month of paystubs and any government assistance. Please be aware that without corresponding back-up, memberships will automatically revert back to the standard rate for your category.
