NEW! Choose the option that best suits your child. Both options are available for each age group. Space is limited.

1) Stroke Starters

With the goals and capabilities of each individual participant in mind, staff works through an assessment process and develops a program plan. Family members/caregivers are encouraged to take part alongside the participant if they so desire. Staff will provide 1:1 assistance as needed.

2) Stroke Development

Participants will work within a small group with a Y assistant instructor, under the guidance of our swim lead instructor. Participants will develop swim strokes while gaining confidence in the water. Swimmers use minimal to no flotation.

Swim Test dates are also an opportunity to bring your child in for level assessment. Email LBuchanan@oldcolonyymca.org for more information.
