We hope everyone is staying safe and healthy during this unprecedented time. While everyone is eager to feel a sense of “normalcy” and get back to summer camp, we are faced with a difficult decision. Given current guidelines for social distancing and timelines given from the state regarding childcare, school programs, and business openings we have made the difficult decision not to proceed with the family camp season during the summer of 2020.

This was not an easy decision to make. However, given this time of uncertainty, we feel it is most important to prioritize the safety and health of our members, visitors and staff while following CDC guidelines.

I know this is heartbreaking for many of you, and camping at Yomechas has been a consistent part of your lives for many years. I hope you will cherish and hold onto those memories to help you through this time!

We wish you all a safe and healthy summer with your families and look forward to the days we can swim, toast marshmallows and be at camp once again.
